

## Appendix 4: Potential Funding Sources

The following is a compilation of potential funding sources gathered during the course of this project. This should not be considered a resource and not an exhaustive assemblage of potential sources for funding for either acquisition and or management projects that may need to be funded during the implementation of the CBCN Green Infrastructure System Project.

The following potential funding sources were compiled as part of the Chatfield Basin study work completed in December 2004, for Douglas County Community Development:

### CBCN Potential Funding Sources:

1. Lois Webster Fund (LWF) of the Audubon Society of Greater Denver, [www.denveraudubon.org/loiswebster.htm](http://www.denveraudubon.org/loiswebster.htm).
2. The Trust for Public Land, Red Mountain Project, [www.tpl.org](http://www.tpl.org).
3. USEPA, Ecosystems Protection Program, CFP grants, [www.epa.gov/region8/community\\_resources/ecoprotection/](http://www.epa.gov/region8/community_resources/ecoprotection/).
4. StEPP Foundation (Strategic Environmental Project Pipeline), [www.steppfoundation.org](http://www.steppfoundation.org).
5. Patagonia, enviro action grants, [www.patagonia.com/environ/grants\\_app](http://www.patagonia.com/environ/grants_app).
6. The Funders Network for Smart Growth and Livable Communities, [www.fundersnetwork.org](http://www.fundersnetwork.org).
7. Union of Concerned Scientists, (possible clean energy/wind power), [www.ucsusa.org](http://www.ucsusa.org).
8. The Colorado Riparian Association (river and riparian ecosystems), [www.coloradoriparian.org](http://www.coloradoriparian.org).
9. Colorado Watershed Assembly, [www.coloradowater.org/cwa](http://www.coloradowater.org/cwa).
10. Colorado Coalition of Land Trusts, [www.cclt.org](http://www.cclt.org).
11. Southern Rockies Ecosystem Project, [www.restoretherockies.org](http://www.restoretherockies.org).
12. Smart Communities Network, (green development), [www.sustainable.doe.gov/greendev](http://www.sustainable.doe.gov/greendev).
