B.5 CSBG Eligible Entity Management Accomplishment

Staff completed the Community Needs Assessment (CNA) and developed the Plan in accordance with State and Federal policy. The outreach process to complete the plan included a survey completed by 136 low-income residents and 38 community partners was utilized to gather input on community needs. Survey data was presented to a group of 47 community stakeholders who engaged in conversations around the top seven areas of need identified in the survey. Following the stakeholder meeting, the top opportunities were presented to a gathering of low-income individuals. These residents were asked to provide feedback on the ideas generated and add their input from a lived experience. As a result of the information gathered through this outreach process, the following areas of need have been identified and addressed in the Plan:

1. Affordable housing
2. Food assistance
3. Personal financial health
4. Employment
5. Utility assistance
6. Case management
7. Wellbeing, including mental and physical health

The Plan recommends supporting Douglas County Cares (DC Cares), the Community of Care Network, and the Douglas County Homeless Initiative. Services provided will include direct assistance for residents participating in DC Cares through housing, case management, transportation assistance payments, funding to support the training and coordination of services, homeless navigation and administrative and staff support of community initiatives.

B.6 CSBG Innovative Solutions Highlight

In 2023, Douglas County experienced a 36% reduction in unsheltered homelessness based on the annual Point In Time counts. This reduction is largely attributed to the efforts and work of the Homeless Engagement Assistance and Resource Team (HEART). In 2023, The HEART implemented a co-responder model in partnership with local law enforcement agencies. This co-responder model, developed through the Douglas County Homeless Initiative (DCHI), pairs a law enforcement officer with a trained navigator to help those who are unhoused successfully obtain needed shelter and other resources. In 2023, the DCHI developed and adopted a Housing Plus Blueprint (Blueprint) which identifies a complete spectrum of shelter and housing solutions needed in Douglas County. To ensure successful housing outcomes, a variety of services are available to each person served through the work of the DCHI. The Blueprint will serve as a model to guide the County's work towards achieving functional zero.

Period: 10/1/2022 to 9/30/2023

Status

Initiative name:	Homelessness Initiative
Initiative start date:	8/12/2021
Problem:	Douglas County is seeing an increase in the amount of homeless individuals and desires to develop a more robust plan to address this growing issue. A lack of local emergency shelter has created a gap in services available for those experiencing homelessness. A lack of transitional housing availability in our region.
Goal:	Decrease the number of individuals experiencing homeless and create services that address the issues of the homeless population. To fill the gap of no local emergency shelter with a hotel/motel voucher program. To implement the model presented by the Housing Plus Blueprint to help ensure successful housing outcomes.

Housing: New Shelters Creation (including day shelters and domestic violence shelters)

Outcomes

Progress: Interim outcomes to report

Impact of outcomes: Douglas County has launched the The Homeless Engagement, Assistance & Resource Team (HEART). The HEART consists of three Navigators to assist law enforcement, respond to community calls regarding homelessness, and provide support to homeless individuals contacted. Navigators work in partnership with local law enforcement and respond to needs as they arise. This team prevents the need for law enforcement to respond to calls where no law nor code violation is occurring and strengthens the system of support for those experiencing homelessness.

Navigators are subject matter experts, often with experience in behavioral and mental health or case management. They interact directly with those experiencing homelessness in a compassionate way. They gather information on needs, assess vulnerability, provide wrap-around case management and make referrals to appropriate community services. This community approach helps ensure people experiencing homelessness do not end up in emergency rooms or jail, but rather are directed to community services. Our goal is that each individual's experience with homelessness becomes rare, brief, and infrequent.

In 2023, Douglas County experienced a 36% reduction in unsheltered homelessness based on the annual Point In Time counts. This reduction is largely attributed to the efforts and work of the Homeless Engagement Assistance and Resource Team (HEART). In 2023, The HEART implemented a co-responder model in partnership with local law enforcement agencies. This co-responder model, developed through the Douglas County Homeless Initiative (DCHI), pairs a law enforcement officer with a trained navigator to help those who are unhoused successfully obtain needed shelter and other resources. In 2023, the DCHI developed and adopted a Housing Plus Blueprint (Blueprint) which identifies a complete spectrum of shelter and housing solutions needed in Douglas County. To ensure successful housing outcomes, a variety of services are available to each person served through the work of the DCHI. The Blueprint will serve as a model to guide the County's work towards achieving functional zero.

<u>Domain</u>	<u>Indicator</u>	<u>Target accuracy</u>	<u>Achieved</u>
A.2d. Housing	1. Percent decrease in the rate of homelessness in the identified community.	262.5%	No

Outcomes

Final status: Initiative active

Lessons learned: We have learned that there is fairly strong local opposition to shelter services being located in Douglas County. This will be a barrier that will need to be overcome as we look to help individuals out of homelessness. In 2023, we have learned that the co-responder model with the HEART and law enforcement is effective for our region. We identified a complete spectrum of shelter and housing solutions needed in Douglas County.
