## AGENDA ITEM

**DATE:** November 25, 2024

**TO:** Douglas County Board of County Commissioners

**THROUGH:** Douglas J. DeBord, County Manager

**FROM:** Holly Carrell, Special Project Manager  
Dylan Williams, Wildfire Mitigation Specialist

**SUBJECT:** **Biomass Processing Opportunity Update**

---

On August 19, 2024, staff presented to the Board of County Commissioners (Board) on efforts taken to-date to explore the concept of locating a biomass processing facility in the County. At the conclusion of the work session, the Board directed staff to further investigate into options for partnering with industry professionals and to develop a cost estimate for operating a facility. A Request for Expression of Interest was posted and responses were evaluated.

Staff will provide the Board with a summary of the process results and is prepared for discussion.
